STATE ITEMS OF INTEREST.

Baker-Howard Feud Victim.

MANCHESTER, Ky., June 6.—Another killing in the Baker-Howard feud occurred in this county. Tom Baker met Rev. White on the road and shot him, killing him instantly. White belonged to the Howard side. Trouble between the factions broke out several weeks ago, and within the past ten days two killings have occurred.

PINEVILLE, Ky., June 6.—The Baker-Howard feud is raging in Clay county. Lise Baker was killed Friday night. James Garrard fled to Middlesboro. Judge Brown will not be allowed to hold court on Monday. It is said that Gov. Bradley has been solicited for troops to protect the court, but has none to send. Six men have been killed in the past ten days.

Kentucky Property Value.

FRANKFORT, Ky., June 4.—The state board of equalization has concluded its labors and adjourned Saturday. It fixed the total value of all property in the state at \$552,877,967. This is \$3,457,000 more than the equalized value fixed by the board last year, and \$18,000,000 less than that fixed in 1896. The assessors this year fixed the value at \$531,934,000, hence the board's work increased the value over twenty millions. The state's revenue this year will amount to \$2,902,000, besides franchise taxes, railroad taxes, liquor licenses, etc., which will easily amount to another million.

Shot By His Brother-in-Law.

BOWLING GREEN, Ky., June 3.—News reached the city Thursday of the killing of Judson Bratcher by his brother-in-law, Eugene Wade, at Logansport, Butler county. Bratcher and his wife had not got along well and she left him, going to her father's. Bratcher went there to see her when a quarrel ensued, and Eugene Wade shot and killed Bratcher with a shotgun. The men are prominent in Butler county. Wade has been released on bond and his trial takes place Friday.

For Burning A House.

EMINENCE, Ky., June 4.—Bud Deakins was arrested here Friday by Chief Police J. A. Morris, charged with the burning of the house of James Etheridge at Bald Knobs, Franklin county, several months ago. Wright will remain here a day or two, and then go to Hopkinsville where a number of applicants are awaiting him.

Closing Argument Made.

FRANKFORT, Ky., June 4.—Senator Goebel, for the new commissioners, and ex-Chief Justice Holt, for present state officials, made the concluding arguments in the prison commission case Friday, and it was submitted. There was a big crowd in attendance, most of whom are applicants for places under the new commission.

Tribute to Unknown Dead.

LOUISVILLE, Ky., June 3.—Col. Bennett H. Young will head a delegation of Louisville confederates who will go to Camp Chase, Columbus, O., to decorate the graves of the confederate dead buried there. Of the 158 Kentuckians who sleep at Camp Chase all save one are unknown. Col. Young will deliver an address.

Deputy Warden of the Frankfort Prison.

FRANKFORT, Ky., June 4.—If the prison commission shall be sustained it is now asserted positively that Ed McGrath, of Covington, will be deputy warden of the Frankfort prison. McGrath was formerly a guard here in the prison. He is now an employee of the Covington water works department.

Found Dead in Hotel.

HENDERSON, Ky., June 3.—At 4 o'clock Thursday afternoon Joshua Whitmarsh was found dead in his room at Hotel Henderson. He was a traveling man and represented a nail company at Boston, Mass. The coroner's verdict was that he came to his death from natural causes.

Posey Ball's Slayer Held.

HENDERSON, Ky., June 4.—The examination trial of Homer Taylor, who shot and killed Posey D. Ball on Saturday last near Scifletown, was held before the county judge. Some six or eight witnesses were examined. The court held that the evidence did not show self-defense.

The G. A. R. Post Attended.

LEXINGTON, Ky., June 4.—The decoration of the graves of the confederate dead in the Lexington cemetery took place Friday. A feature of the exercises was the presence of the E. L. Dudley post, G. A. R., which accepted the kind invitation of the C. V. A. to join with them.

Prominent Woman's Sudden Death.

BARDSTOWN, Ky., June 4.—Mrs. Molie C. Wood, wife of Mr. David S. Wood, a prominent druggist of this place, died suddenly, aged about 35 years. Mrs. Wood was formerly of Owingsville, Ky., and was the daughter of Capt. Win Connor of that place.

Desperate Men Break Jail.

CATLETTSBURG, Ky., June 7.—Four prisoners confined in the county jail here, three for murder and one for robbery, succeeded in breaking out Monday morning at 4 o'clock. Jailer Hurd heard them working and went down to see. He was knocked down, dragged into a cell and locked in. The prisoners are Jay Drawn, Charles Martin, who are charged with killing Lacie Vinson; William Castle, held for murder, and J. Anderson, held for robbery. None have yet been caught. A large posse, with bloodhounds, are after them. It is believed here that the posse is close after one of the men.

Two Battalions Instead of a Regiment.

FRANKFORT, Ky., June 7.—Gov. Bradley received detailed orders from Secretary Alger Monday night regarding Kentucky's quota under the second call. The troops will be comprised in two battalions instead of one regiment. Congressman Colson and Hon. David R. Murray will be made majors instead of colonels. Gov. Bradley and his staff will leave Tuesday morning for Chickamauga, where they go to visit Kentucky troops now in camp.

Got There by Freight.

LEXINGTON, Ky., June 4.—Gov. Bradley missed the regular passenger train to Lexington Friday, and, in order to get here and present the officers of the two cavalry troops, which leave Saturday, with their commissions; he rode a freight train, spending three hours on a trip which is made by passenger train in less than one. He arrived unannounced and covered with cinders and soot. However, he presented the commissions and made a happy speech.

Peter Payne Captured.

HOPKINSVILLE, Ky., June 6.—Peter Payne, who is wanted in Metcalfe county for the murder of a relative, whom he stabbed to death several weeks ago, was arrested near this city by Sheriff Young of Metcalfe county, and taken to Edmonton for trial. He made his escape after the killing and was only located near here several days ago. He broke down and wept bitterly when arrested.

Found Dead on the Track.

LEXINGTON, Ky., June 3.—John Haydon, member of Battery B, Louisville legion, and who was rejected by the surgeons Wednesday, was found dead Thursday morning on the L. & N. track near here, with his body cut in twain. He was furnished transportation home and it is supposed by other members of the legion and by Col. Castleton that he suicided.

HOPKINSVILLE, Ky., June 6.—Lieut. Johnson, of the 10th cavalry, who has been in this city for several days securing colored recruits for his regiment, left here for Paducah, where he will continue his labor of receiving recruits. Miss Pauline Hardin, Librarian.

FRANKFORT, Ky., June 7.—Miss Pauline Helm Hardin, of Covington, was sworn in and assumed the duties of state librarian Monday. She was elected by the legislature last January. Assistant Librarian Willis, of Augusta, was succeeded by F. K. Kavanaugh, a young newspaper man.

Troops Reported Landed.

NEW YORK, June 7.—A special from Kingston, Jamaica, reports that 5,000 United States troops have landed near Punta Cabrera, a little to the west of Santiago de Cuba, where a junction was effected with Gen. Calixto Garcia's army of 3,000 insurgents. It is added that the landing was effected under cover of a fire from Adm. Sampson's fleet. With the troops were several heavy siege guns.

This Is From Madrid.

ADALIA, June 7.—A dispatch to the Imperial from Santiago de Cuba says the American fleet ineffectually bombarded that place on Saturday night for 45 minutes. The dispatch further says the bombardment lasted 45 minutes and was not resumed. On Sunday, it continues, 16 American warships were still moored at the same place, in sight of Santiago de Cuba.

Dewey Reports Insurgent Victories.

WASHINGTON, June 7.—President McKinley Monday sent the name of Jas. A. Tolmison to be postmaster at Harrodsburg, Ky.

SENT TO THE BOTTOM.

Confirmation of the Destruction of the Spanish Torpedo Boat Destroyer, With All on Board.

Kingston, Jamaica, June 7.—News was received here Monday from Port Antonio, confirming the report brought there Sunday by a vessel from Santiago de Cuba saying that the Spanish torpedo boat destroyer Terror (Furor) had been sunk by an American war ship. It appears that the battle ship Oregon saw a long craft sneaking close to the shore and heading toward the harbor. She signaled the craft to turn to and the signals were improperly answered, whereupon the Oregon opened fire upon her. A 13-inch shell struck the torpedo boat amidships and she sank with all hands.

The vessel is supposed to have been the Spanish torpedo boat destroyer Terror trying to make her way into the harbor of Santiago de Cuba, to rejoin the fleet of Adm. Cervera, with which she arrived at Fort de France, island of St. Martinique. The Terror was compelled to remain at Fort de France owing to her boilers being out of order. On the other hand, it is believed that the torpedo boat destroyer sun may have been the Furor, of Adm. Cervera's fleet, as the latest reports concerning the Terror seem to show that her boilers are still out of order.

The Spanish torpedo boat destroyers Furor and Terror were built at Glasgow for Spain, and completed their official trials in November, 1896. They are bigger than any of their type in the British fleet, being 220 feet long and 22 feet broad. Their armament of two 14-pound rapid fire Maxim-Nordenfeldts, two 16-pounders of the same caliber and two 37 MM automatic Maxim. There are also two 4-inch deck-pivoted torpedo tubes on Schwarzkopf system.

BARBAROUS DEFENSE.

The Act of Imprisoning Lieut. Hobson and Men in El Morro, in Line of Fire, is Denounced.

OFF SANTIAGO DE CUBA, June 7.—Adm. Sampson is determined not to allow the Spanish to remove the Merrimac from the spot where she lies. On Saturday it was reported that they were working at the hull, and the American fleet formed in line of battle, with orders to bombard. It turned out that the Spanish were not engaged and the fleet withdrew. Adm. Sampson had given special orders that El Morro where the heroes of the Merrimac are imprisoned, should be spared in the firing.

Adm. Cervera's polite assurances were accompanied by the statement that Lieut. Hobson and his men were confined there. This placing of prisoners in the direct line of fire is denounced by American officers as a thirteenth century defense, an act of incalculable cruelty.

Gen. Castillo, commanding the Cuban forces in the west and north of the province of Santiago, has been concentrating 4,000 Cubans in the vicinity of the city.

En Route to Cuba and Porto Rico.

NEW YORK, June 7.—A Washington dispatch says enough information has reached there from Tampa and Mobile, where a strict censorship is enforced, to indicate that most of the troops mobilized at those points are now on the way to Cuba and Porto Rico. A cable from Kingston, Jamaica, Monday is confirmatory of Saturday's dispatches that the first division of the American army, consisting of 5,000 men, had landed near Punta Cabrera. A gunboat of Sampson's fleet put several troops of cavalry to flight.

Fatal Quarrel Over a Horse.

BELLEVILLE, O., June 7.—Frank and James Berry had the advantage of John Legg in a horse trade some time ago. Saturday night Legg and his father and brother met Berry in Gilbert Hutchins' saloon in Huntsville. Frank Legg shot at Frank Berry six times, four of the shots taking effect in the head, legs and abdomen, making injuries probably fatal. Berry's companions afterward caught his assassin and with their fists beat him fearfully making dangerous injuries.

Troops Report Landed.

NEW YORK, June 7.—A special from Kingston, Jamaica, reports that 5,000 United States troops have landed near Punta Cabrera, a little to the west of Santiago de Cuba, where a junction was effected with Gen. Calixto Garcia's army of 3,000 insurgents. It is added that the landing was effected under cover of a fire from Adm. Sampson's fleet. With the troops were several heavy siege guns.

This Is From Madrid.

ADALIA, June 7.—A dispatch to the Imperial from Santiago de Cuba says the American fleet ineffectually bombarded that place on Saturday night for 45 minutes. The dispatch further says the bombardment lasted 45 minutes and was not resumed. On Sunday, it continues, 16 American warships were still moored at the same place, in sight of Santiago de Cuba.

Fatally Kicked by a Horse.

FRANKFORT, Ky., June 7.—Sid. Duvall, a farmer of the Switz neighborhood, was kicked by a horse and died Sunday night.

Postmaster at Harrodsburg.

WASHINGTON, June 7.—President McKinley Monday sent the name of Jas. A. Tolmison to be postmaster at Harrodsburg, Ky.

TO BE PROMOTED.

The Navy Department Discussing a Reward for Lieut. Hobson and Associates, Santiago Heroes.

WASHINGTON, June 7.—The promotion in store for Lieut. Hobson, the hero of Santiago, is under consideration by the navy department. Acting Secretary Allen and Commodore Highborn, chief of the bureau of naval construction, talked it over in a general way Monday, but no conclusions were reached. The department is desirous of knowing what would be most acceptable to Hobson himself, and when this is learned a recommendation will be made to congress, that which body will doubtless carry into effect without delay. The present indications are that Hobson will be taken out of the staff and made a line officer, as that ensures not only an increase of pay but an opportunity to rise to the more conspicuous line position of admiral. At present Hobson is an assistant constructor, with the relative rank of lieutenant, junior grade. It develops, however, that within the next four weeks he would have secured a promotion to the rank of constructor, relative rank full lieutenant, in the usual course of advancement. As this rank is already earned by length of service, it would hardly be an honor for congress to confer this rank upon him. About the only expedient is to give him a promotion in the line, possibly as lieutenant commander or commander where his pay would be greater than it would be in the staff service, and the chance for future advancement would be ample. There is some doubt, however, whether an officer who has shown much genius in the scientific branch of the naval service would care to leave that service for the line. Congratulations will be sent to Hobson as soon as there is any opportunity to communicate with him, but while he is a prisoner at Santiago it is obviously impossible for naval authorities to do more than convey their congratulations and thanks to Adm. Sampson.

Representative Hartman, of Montana has introduced a joint resolution directing the secretary of the navy to have prepared and delivered suitable medals of honor to Lieut. Hobson and his crew of his crew for gallant, heroic and patriotic services rendered to the United States at Santiago harbor on June 3, 1898. It appropriates \$500 for the purpose.

MONTGOMERY, Ala., June 7.—The department at Washington having admitted it was ready to give Lieut. Hobson a promotion in the line of his preference is awaiting to learn whether he is willing to leave the bureau of construction. The Advertiser Monday ascertained from his friends at Greensboro that the plucky lieutenant has for some years wanted to get into active duty and that his asking for an assignment at the beginning of the war was because of this ambition. It being also intimated from Washington that he might be made a commander, the Advertiser Tuesday printed an editorial suggesting that he be made commander of the Alabama, the superb battle ship which will be finished in a few months.

HEAVY CANNONADING.

A Fight Before Port Aquadores Reported and a Force of United States Troops Landed.

CAPE HAYTIEN, Hayti, June 7.—At 8 o'clock Monday morning strong cannonading was heard before Port Aquadores. A quarter of an hour later the noise of cannonading was greatly increased, the firing evidently proceeding from guns of the largest caliber.

NEW YORK, June 7.—A special from Cape Haytiens Monday reports that at daylight Monday morning, under cover of Adm. Sampson's guns, a force of United States troops was landed at Aquadores, a short distance east of Santiago harbor.

NEW YORK, June 7.—Advises received from Santiago de Cuba at 1:30 p. m. said that the bombardment of the port, the fortifications and the neighboring landings, particularly Aquadores, continued.

Spanish Account.

HAVANA, June 7.—At 8 o'clock Monday morning 24 vessels of the American fleet opened fire upon the forts at the entrance to Santiago harbor and along the coast line. The firing ceased about 11 o'clock. Further details are not yet known here.

Sunday Col. Aldea with a Spanish force sustained a fire near Punta Cabrera from the insurgents on the land side and the American war ships. The Spanish forces are well entrenched on the line from Siboney to Aquadores and Monday they checked an attempt of the American forces to land and repelled them.

It is understood here that the members of the Merrimac crew who are imprisoned at Santiago are well treated by the Spanish commander.

Two Notable Engagements This Week.
WASHINGTON, June 7.—This week is to see the climax of the war. Santiago and Porto Rico are to pass into the possession of the United States. Against both places a military and naval expedition of great force is to be directed and before many days will come the news of two notable engagements. That they will be successful the president, who is especially interested in the immediate taking of Porto Rico, has no doubt whatever.

Many of our citizens, who have
taken hold of the plow are forced
to look back, rehearse the bloody
battles of the past year; but we are
glad to know they are only remem-
bered from a standpoint of law and
justice. There is a decrease in the
price of fire arms, and while Samp-
son is bombarding Morro castle
our people join hands and look
with pride at the glorious stars and
stripes; and all are ready and will-

I was seriously afflicted with a

before. I have used many remedies
without receiving much relief and
being recommended to try a bottle

tried it, and with the most grati-

people in poor circumstances than
any other one cause. To be suc-

when a favorable opportunity pres-

time. A prudent and careful man
will keep a bottle of Chamberlain's
Colic, Cholera and Diarrhoea
Remedy in the house, the shiftless
fellow will wait until necessity
compels it and ruin his horse, go-

Nervous and Tired

Was Not Able to do Her Work Until Hood's Sarsaparilla Cured.

"What's the matter there?" said the judge to the defendant in the suit, who had just been released from the witness stand, and was running amongst the jury.

"I've lost my hat," replied the defendant, in an injured tone.

"Not I," replied that gentleman, "but I hope to have his whole suit before we get through."—Chicago Tribune.

Fast Time to Colorado.

A new through Sleeping Car line between St. Louis and Colorado Springs will be established over the Wabash Rock Island Short Line, May 15th, 1898. The time will be the fastest made with through service between these two points by many hours. A through Sleeper will leave St. Louis on Wabash Train No. 3, at 9:20 a.m., arriving at Colorado Springs the same day at 1:00 p.m. with a direct connection for Denver, arriving at 2:30 a.m. This is the fastest regular through service ever established between St. Louis and Colorado. Returning, the Sleeper will leave Colorado Springs at 2:45 p.m., and arrive at St. Louis the next evening at 6:15.

Patrons of this line will avoid the only unpleasant feature heretofore attendant on Colorado travel—the long trip through Missouri, fertile fields, with now and again light, and the unattractive portion of Kansas will be traversed during the night, with the mountain scenery to greet the tourists in the morning.

The fast time of this line will naturally command the Wabash Route to intending Colorado tourists.

Particulars will be gladly furnished on application. C. S. CRANE, G. P. & T. A., St. Louis.

STRONG STATEMENTS.

Three Women Relieved of Female Troubles by Mrs. Pinkham.

From Mrs. A. W. Smith, 59 Summer St., Biddeford, Me.:

"For several years I suffered with various diseases peculiar to my sex. Was troubled with a burning sensation across the small of my back, that all gone feeling, was despondent, fretful and discouraged; the least exertion tired me. I tried several doctors but received little benefit. At last I decided to give your Lydia E. Pinkham's Vegetable Compound a trial. The effect of the first bottle was magical. Those symptoms of weakness that I was afflicted with, vanished like vapor before the sun. I cannot speak too highly of your valuable remedy. It is truly a boon to women."

From Mrs. MELISSA PHILLIPS, Lexington, Ind., to Mrs. Pinkham:

"Before I began taking your medicine I had suffered for two years with that tired feeling, headache, backache, no appetite, and a run-down condition of the system. I could not walk across the room. I have taken four bottles of the Vegetable Compound, one box of Liver Pills and used one package of Sanative Wash, and now feel like a new woman, and am able to do my work."

From Mrs. MOLLIE E. HERREL, Powell Station, Tenn.:

"For three years I suffered with such a weakness of the back, I could not perform my household duties. I also had falling of the womb, terrible bearing-down pains and headache. I have taken two bottles of Lydia E. Pinkham's Vegetable Compound and feel like a new woman. I recommend your medicine to every woman I know."

Volunteer Crew Scuttles the Merrimac in the Mouth of Santiago Harbor.

The Heroes Attempted to Return But Under Heavy Fire Compelled to Row to the Spanish Flag Ship—They Will Be Exchange.

WASHINGTON, June 6.—"The cork is driven in the bottle," was the comment of the naval officers at the navy department Saturday morning upon the news of the sinking of the collier Merrimac in the channel at the entrance of Santiago harbor.

KINGSTON, Jamaica, June 6.—Hobson and the hero crew of the Merrimac were saved in the following manner:

Unable, after the sinking of their vessel, to make their way back through the storm of shot and shell, they rowed into the harbor to the Spanish flagship and were taken on board unharmed. The Spanish admiral under a flag of truce on Friday sent word to the American admiral that he offered to exchange the prisoners, adding, that in the meanwhile Hobson and his party would be treated with the greatest kindness.

WASHINGTON, June 6.—Information comes from the white house that the secretary of the navy has received a dispatch from Adm. Sampson stating that the Merrimac was sunk in the channel off Santiago harbor for the purpose blocking the passage.

ON BOARD DISPATCH BOAT DAUNTELESS, OFF SANTIAGO DE CUBA, June 6.—Via Kingston, Jamaica.—Rr. Adm. Sampson, during Friday morning decided to close the narrow harbor entrance of Santiago de Cuba by sinking the collier Merrimac, loaded with coal.

Mr. Petch had been a hopeless paraplegic for five years. His case had wide attention. He was confined to his bed, almost beyond recognition, and could not take solid food. Doctors called the disease spinal sclerosis, and all said he could not live. The Canadian Mutual Life Association, after a thorough examination, paid him his total disability claim of \$1,600, regarding him as forever incurable.

For three years he lingered in this condition, a skeleton. After taking some of Dr. Williams' Pink Pills for Pale People there was a slight change, a ten-fold improvement. Now he can sit freely. Next came a little feeling in his limbs. This extended, followed, by a prickling sensation, until at last the blood began to course freely and vigorously through his body. Soon he was restored to his old time health.

A reporter for The Monitor recently called on Mr. Petch again and was told: "You may say there is no doubt as to my cure being permanent. I am in better health than when I gave you the first interview and certainly attribute my cure to Dr. Williams' Pink Pills for Pale People.

To those of us who have passed from the living death, and I shall always bless the day I was induced to take them," bless the day I was induced to take them.

Such is the history of one of the most remarkable cases in modern times. In the face of such testimony, can anyone say that Dr. Williams' Pink Pills are not entitled to the careful consideration of every sufferer—man or woman? Is not the case, in truth, a miracle of modern medicine?

These pills are sold by all druggists and are considered by them to be one of the most valuable remedial agents known to science.

WHY THE COOK FELT HURT.

Her Employer Was Not Laid Up from Overeating and She Felt Slighted.

A lady had a cook who gave her every satisfaction and she was under the impression that the cook was equally satisfied with her place. But one morning, to the lady's surprise, the cook gave her the usual month's notice.

"What do you want to leave for, Jane?" asked her mistress. "I am very much pleased with you, and I thought you were quite comfortable here."

"Yes, m'm, I'm comfortable enough in a way—but—"

The cook hesitated and fidgeted about.

"Please, ma'am," queried her mistress, "Well, m'm, she blurted out, "the fact is the master doesn't seem to appreciate my cookery, and I can't stop in a place where my efforts to please are wasted; so I'd rather go, m'm."

"But what makes you think that your master doesn't appreciate your cookery?"

"Well, m'm, he even complained to you?" asked the lady.

"I have even complained to you?"—Harper's Bazaar.

Public Clocks.

Few great cities of America are adequately provided with public clocks of such a size and so prominent location as to indicate the time over wide metropolitan districts. But it is high time to check kidney and bladder complaints attributed to the sufferer by inactivity of the organs affected. Hostetter's Stomach Bitters remedies this as it does dyspepsia, rheumatism, constipation, biliousness and nervousness.

Why He Stuck It On.

"It strikes me, Mr. Brief," said Mr. Dogway, "that your charge of \$750 for this opinion is pretty steep."

ANOTHER PATRIOT.

He Wanted Everything Military and Naval on the Bill of Fare.

Puffy is too old and there is too much of him to go to the war, but he never loses a chance to voice his patriotism.

"Pork and beans," he mumbled over the restaurant menu the other day. "Say, waiter, are these the regular army beans?"

"Yes, sir, they are. Also some Army po' boy."

"Bring me some. What a thorn? I'm a bunion man."

"One big order of consommé, waiter. Break a couple of these Spanish buns into it. That's where they belong. Then throw the whole thing away."

After Puffy glared around to see whether anyone challenged this direction, he chuckled an order for shells peas.

"Fruit?" he responded later to the waiter, and he fairly shouted that he wanted a couple of special oranges.

"That's a hit," he commenced to himself. "Most of these chumps that are not up to the times would have simply ordered oranges."

Then he had another inspiration, and, taking in a full breath, he roared: "And say, waiter, bring me a couple of Manila cheroots." Everybody within hearing applauded and Puffy waved both palms of his coat with national emblems attached.

"Came ole bihd daid," whispered the waiter just loud enough to be heard all over the place. Puffy gave no sign that he heard, but left a half-dollar on the table and walked out so straight that he leaned back. —Detroit Free Press.
